

A Seminar on Engineering Trends

Department of Faculty of Engineering from SGT University, Gurugram conducted a seminar for the students of RJGP, Neemka on Apr 25, 2023. A team of 5 members headed by Dr Nancy Arya shared their provoking thoughts about advancements in the technical field with the students. The seminar was conducted simultaneously on specific topics for different streams viz. 'Recent Trends in the field of Engineering' for Computer Science, Electronics & Comm. and Electrical students; 'Surface Engineering' for Mechanical students; 'Pavement Material' for Civil students. The students found the seminar very knowledgeable and interesting. In turn, SGT team was also very happy to converse with the students. The team was really obliged to meet Mr Umesh Dixit, GM, NSIC Neemka and showed an interest in taking the talks further to sign an MoU with NSIC, Neemka. They also greeted Mr Umesh Dixit and Mr Manoj Kumar Meena DM, NSIC Neemka with a token of appreciation and a sapling. They also gave away Table Calenders and Brochures to the Faculty members and students respectively as a mark of acknowledgement. Moreover, they affirmed that the students who attended the session will be given E-certificates.
