

A Seminar on ***'Emerging Trends in Civil Engg.'***

A seminar was conducted by Professors of Civil Department, Manav Rachna University, Faridabad for budding Civil Engineers of RJGP, Neemka on May 16, 2023 at RJGP Campus. The Manav Rachna team was led by Dr. Anjali Gupta, Dr. Ashish Shukla and Dr. Lilesh Gautam. The team initially discussed about the recent advancements in the field of Civil Engineering and then they threw light on software being used in building the structures that helped the manpower to design the buildings laced with aesthetic features in no time. They also pondered upon various testing techniques to be used for different materials. The students seemed to be very confident to get the expertise knowledge of their field.
