Awesome se bhi upar ki Team NSIC. Your students exceeded in more than one way in multiple areas. Not only the cultural team was awesome. The team managing registration desk was equally professional and focused. They were 1st to reach the site and they were 1st to set up their desk. It shows commitment and dedication to the task assigned. As teachers/mentors and guides for the next generation, I bow to you all for doing an exceptional job. You all have done wonders in giving these students an opportunity where none existed. You all are an awesome faculty and have given tremendous strength and impetus to us as organisers in doing more much more. With your support, we will do a much bigger 2024 event. We will be visiting your college soon *with certificates and Momentoes for Students those excelled in the Expo Teams. Once again pls accept *Our Big THANK YOU *
