NTSC/RJGP/NEEMKA/NOTICE/22-23/

Dated: Dec 5, 2023

Commendable Chore by NSIC / RJGP Students

Organized by IMT Industrial Association, Faridabad, Industrial Expo' 2023 was held from 2 to 4 December at HSIIDC Club Ground, IMT Faridabad. Near about 130 companies from all over the city participated in the event and exhibited their products and services including the major players in the market like SM Corporation, Industrial Carbon Components, Ujjwal SwtchGear Inc., Svasca Industries (India) Ltd., Surya Electricals, Dynamic Energy Solutions, Daikin, Schneider Electric and lot more to name.

It gives us immense pleasure to state that NSIC / RJGP students took the lead in organizing the overall event right from Registration to stage hosting to liasioning. Our students marked their presence from 8 am till 6:30 pm on all 3 days. This punctuality itself showed their dedication and their willingness to learn professional skills. Around 35 students helped in coordinated the whole event under the guidance of our Faculty members Mr Sunil Kumar, Ms Pooja Jhangra, Mr Manish and Ms Ritu. The students also got a chance to interact with the present industry personnel and willfully used qualitative methods to ask the manufacturers about machinery being used in the firms, growth prospects, how the productivity can be enhanced etc.

With great honor, the Expo was inaugurated by Hon'ble Minister of State for Power & Heavy Industries Haryana, Shri Krishan Pal Ji. He paid his sincere gratitude to IIAF, Fdb to bring the entrepreneurs, students, learners and job providers all at the same platform. The contributors

were dominant in the fields of manufacturing and trading. It was witnessed by around 3000 visitors. The event organizers invited eminent speakers from various verticals to share their experiences with the young minds and encourage them to brush up their entrepreneurship skills. The Expo encouraged to conduct B2B panel discussions as well.

Taking an advantage, a face-to-face panel discussion was organized by NSIC / RJGP Faculty members with the leading Industry partners present there. The Faculty members explained that the Centre offers many Hi-Tech training and skill development programs to learners in order to nurture them for employment and self-employment opportunities. They further added that a Livelihood Business Incubator (LBI) is also operating in the Centre that offers distinguished hands-on training to the learners on a number of live projects like bakery products making, soya milk extraction, book binding, Paper Cup making, Socks Knitting and Color printing etc. to empower them to become successful entrepreneurs. The main objective of this discussion was to put in place new Placement Opportunities for the students. Apart from this, few of the students volunteered themselves to distribute pamphlets and brochures to the visitors. Mr Umesh Dixit (GM, NSIC Neemka), Mr Manoj Kumar (DM, NSIC Neemka), Khalid Shakil (DM, NSIC Neemka) visited the Expo on Dec 2, 2023 and Dec 4, 2023 to look on to new opportunities for their students. They also motivated the students to grasp the knowledge about upcoming and trending technologies.

Moreover, Expo' 2023 also provided a great platform to the young students to showcase their talent and get to know about the upgraded technologies booming in the manufacturing and trading market. An open stage was provided to the college students to unveil their talent in dancing, hosting, singing or drama. We are glad to share that 'Fashion Show' presented by the students of RJGP was the main attraction amongst all the cultural items. The students of different colleges out performed in such activities meticulously. Along with this, few of the other college students displayed their technical projects giving insights into how to harness replenishable resources which was really appreciated by the visitors.

NSIC / RJGP student's efforts were very much applauded by the organisers and other participants as well. Discerning the intercommunication, technical and managerial skills, few of the companies had shown interest in recruiting RJGP students directly.
